

DESIGN: GRUPA

3angle brings a different perspective to conventional armchair forms. Its fragmented armrests resemble the line of a human arm folded in the elbow, thus creating almost a crystal form. Its rigorous geometry is softened with paddings, merging the firmness and the gentleness of sitting comfort. 3angle is a quite inviting and convivial haven for a relaxed and informal way of sitting. It is a armchair that hugs.

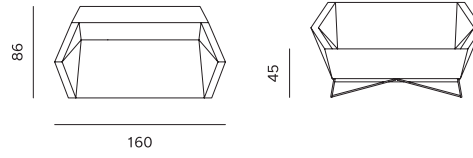

STRUCTURE	solid wood, plywood
SUSPENSION	wave springs
SEAT	HR foam, polyester wadding
BACKREST	HR foam, polyester wadding
LEGS	metal
FINISH	powder coated matte, RAL 9005
